Strategies for Finding All Field Guide Pages

Utilizing Revelio Effectively

The Revelio spell is your most crucial tool for finding Field Guide Pages. Cast it frequently and systematically in every room and corridor. Pages that are not immediately visible or are hidden behind interactable objects will glow when targeted by Revelio. It's advisable to perform a thorough sweep of each area with Revelio after completing any puzzles or interactions within that space, as new pages can sometimes appear.

Observing the Environment

Many Field Guide Pages are cleverly integrated into the environment. Pay close attention to small details like scrolls on tables, books slightly out of place on shelves, or plaques on walls. Some pages are even attached to furniture or statues. Constant observation and careful exploration are key to uncovering these well-hidden collectibles.

Completing Puzzles and Quests

Certain Field Guide Pages are directly tied to completing specific puzzles or side quests. For instance, some pages might only become accessible after solving a puzzle door or defeating a particular enemy. Prioritizing exploration after significant quest milestones can help you snag these pages.

Leveraging Spells for Access

As you progress through Hogwarts Legacy, you'll acquire spells that grant access to previously unreachable areas. Spells like Alohomora for unlocking doors, Wingardium Leviosa for moving objects, and Depulso/Accio for interacting with distant items can all reveal hidden Field Guide Pages. Ensure you have all necessary spells before attempting to find every page in a complex area.

Map Markers and Exploration Order

While there isn't a direct "Field Guide Pages" map marker until you've found many of them, using your in-game map to mark unexplored areas is a good strategy. It's often beneficial to explore sections of the castle in a logical order, such as by floor or by wing, to ensure thoroughness and avoid backtracking unnecessarily. Remember that some pages are tied to the time of day or specific weather conditions, though this is less common for Field Guide Pages compared to other collectibles.
