Early Life and Family Background

Michael Jackson was born on August 29, 1958, in Gary, Indiana. He was the eighth of ten children in the Jackson family. His parents, Joseph and Katherine Jackson, played a big role in encouraging their children's musical talents. Growing up in a close-knit family, Michael showed an interest in music and dancing from a young age.

The Jackson Family

The Jackson family was very musical, and many of Michael's brothers also loved to sing and play instruments. The family's strong bond helped them work together as a group. Their father, Joseph, was a strict manager who trained the children to perform well on stage.

Childhood Interests

As a child, Michael loved singing and dancing. He often practiced for hours, dreaming of becoming a famous performer. His natural talent stood out early, and he quickly became the star of the family's musical group.

Beginning of His Music Career

Michael Jackson began his music career as the lead singer of a group called The Jackson 5. This group included his brothers Jackie, Tito, Jermaine, and Marlon. Together, they performed songs that became very popular and made them famous across the United States.

The Jackson 5 Formation

The Jackson 5 was formed in the mid-1960s and quickly gained attention for their energetic performances and catchy songs. Michael's voice and stage presence helped the group stand out from other bands.

Early Successes

The group's first big hit was "I Want You Back," which topped the music charts. This success was followed by other popular songs such as "ABC" and "I'll Be There." These hits made the young Michael Jackson a household name.

Rise to Worldwide Fame

After the success with The Jackson 5, Michael Jackson began a solo career that would lead him to become one of the most famous musicians in history. His solo albums brought him international fame and recognition.

Solo Career Beginnings

Michael's first solo album was released when he was still a teenager. It showed his ability to perform on his own and introduced his unique style to the world.

Breakthrough with Thriller

In 1982, Michael Jackson released the album *Thriller*, which became the best-selling album of all time. The album included hit songs like "Beat It," "Billie Jean," and "Thriller." This success made Michael a global superstar.

Iconic Albums and Songs

Throughout his career, Michael Jackson released many albums that became classics. His music combined pop, rock, and soul, creating a unique sound that appealed to millions.
