Unlike English, Spanish subject pronouns can often be omitted because the verb conjugation usually indicates the subject. However, pronouns are used for emphasis or clarity, especially in ambiguous contexts.

List of Spanish Subject Pronouns

The basic Spanish subject pronouns include:

- **yo** – I
- **tú** – you (informal singular)
- **él** – he

- **ella** – she
- **usted** – you (formal singular)
- **nosotros/nosotras** – we (masculine/feminine)
- **vosotros/vosotras** – you all (informal plural, used primarily in Spain)
- **ellos** – they (masculine or mixed group)
