Understanding the Favor of God According to Jerry Savelle

Jerry Savelle defines the favor of God as a supernatural blessing that brings advantage, protection, and access to divine opportunities. It is not merely a chance occurrence but a deliberate act of God's grace toward individuals. According to Savelle, favor is an essential element for living a victorious Christian life, enabling believers to overcome challenges and experience God's best. He teaches that favor can influence circumstances, relationships, and even open doors that would otherwise remain closed. This divine assistance is available to all who seek it with sincerity and align their

lives with God's will.

The Nature of Divine Favor

The favor of God is characterized by unmerited kindness and goodwill that results in blessings. Jerry Savelle emphasizes that favor is not earned by human effort but is a gift from God that flows from His love and purpose. It is often described as a hedge of protection and a key to supernatural breakthroughs. Favor can precede promotion and success, making it a vital element in a believer's spiritual and practical life.

Favor Versus Blessing

While favor and blessing are closely related, Savelle distinguishes favor as the mechanism through which blessings are released. Favor acts as a divine influence that causes blessings to come forth, while blessings are the actual benefits received. Understanding this difference helps believers appreciate the role of favor in their spiritual journey and daily experiences.

Biblical Foundations of the Favor of God

The favor of God is deeply rooted in Scripture, and Jerry Savelle frequently references biblical examples to support his teachings. The Bible illustrates favor as God's goodwill toward His people, often resulting in protection, provision, and promotion. Key verses highlight how favor is a tangible expression of God's grace and covenant relationship with humanity.

Key Scriptural References

Jeremiah 29:11 affirms God's plans to prosper and give hope, linked closely to His favor. Psalm 5:12 speaks of God surrounding the righteous with favor as a shield. Luke 2:52 describes Jesus growing in favor with God and man, underscoring the universal principle of favor impacting life positively. These scriptures form the foundation of Jerry Savelle's teaching on favor as a divine force accessible through faith and obedience.

Favor in the Old and New Testament

In the Old Testament, figures like Joseph and Esther experienced God's favor that elevated them to positions of influence. The New Testament continues this theme, showing that favor is available to all believers through Jesus Christ. Savelle highlights the consistency of this principle across both testaments, demonstrating that favor is a timeless divine attribute.

How the Favor of God Manifests in Believers' Lives

Common Misconceptions About the Favor of God

Jerry Savelle addresses several misconceptions regarding the favor of God to clarify what it truly represents. Misunderstandings can hinder believers from fully receiving or recognizing favor in their lives. Addressing these myths helps establish a biblical and balanced perspective.

Favor Is Not Luck or Chance

One common misconception is equating favor with random luck or coincidence. Savelle stresses that favor is a deliberate act of God, not an accidental occurrence. It is purposeful and manifests according to God's timing and plan, rather than chance.

Favor Does Not Remove All Trials

Another misunderstanding is that favor guarantees a life free from challenges. Jerry Savelle clarifies that favor does not exempt believers from trials but provides divine assistance and protection within those trials. Favor helps believers overcome rather than avoid difficulties.

Favor Is Not Earned by Works

Favor is often mistaken as something that can be earned through good deeds alone. Savelle teaches that while righteous living positions believers for favor, it is ultimately a gift from God's grace, not a wage earned. It flows from God's love and purpose rather than human merit.

The Impact of Faith and Obedience on God's Favor

Faith and obedience are central themes in Jerry Savelle's teaching on the favor of God. They are the channels through which favor flows and is maintained in a believer's life. Understanding their impact is crucial for experiencing the full benefits of divine favor.

Faith as the Foundation

Obedience as a Condition

Obedience to God's Word aligns believers with His will, making them receptive to favor. Savelle highlights scriptural examples where obedience preceded favor and blessings. Living according to God's commands ensures that favor is not only received but sustained over time.

The Synergy of Faith and Obedience

The combination of faith and obedience produces a powerful effect in attracting favor. Faith opens the door, and obedience keeps it open, allowing continual access to God's divine assistance. This synergy is a recurring theme in Jerry Savelle's ministry teachings.
