Overview of the Vizio Smart TV Remote XRT140

The Vizio Smart TV Remote XRT140 is a versatile remote control specifically designed for Vizio smart televisions. It offers a user-friendly interface with well-placed buttons to control power, volume, channels, and smart TV functions such as streaming app access. The remote features infrared (IR) technology, enabling it to communicate effectively with compatible Vizio TV models. It is constructed with durable materials to withstand regular use and incorporates shortcut buttons for popular streaming services, enhancing convenience for users.

Key Features of the XRT140 Remote

The XRT140 remote includes a variety of functions to streamline TV control, such as:

- Power on/off button for quick startup and shutdown.
- Dedicated volume and mute controls for easy audio adjustment.
- Channel up/down buttons with numeric keypad for direct channel entry.
- Navigation buttons for menu and settings access.
- Shortcut keys for popular streaming platforms to expedite content access.
- Input selection button to switch between HDMI and other inputs.

Setup Instructions and Battery Installation

Proper setup of the Vizio Smart TV Remote XRT140 is essential for optimal performance. This section details the steps required to insert batteries and prepare the remote for use with a Vizio smart television.

Installing Batteries in the XRT140 Remote

The remote requires two AAA batteries to operate. Follow these steps for battery installation:

1. Locate the battery compartment on the back of the remote.
2. Slide open the compartment cover gently.
3. Insert two AAA batteries, observing the correct polarity (+ and -) indicated inside the compartment.
4. Close the compartment cover securely.
5. Test the remote by pressing the power button to ensure it is functioning.

Initial Setup and Pairing

While the XRT140 remote typically works out-of-the-box with compatible Vizio TVs, some models may require manual pairing or setup:

- Turn on the Vizio TV using the power button on the TV itself or the remote if it is pre-paired.

- If the remote does not respond, consult the TV's on-screen menu for remote pairing options.
- Follow the TV prompts to complete pairing, which usually involves pressing specific buttons on the remote.

Programming the Remote for Vizio Smart TVs

The Vizio Smart TV remote XRT140 manual provides detailed programming instructions for users who need to customize the remote or set it up to control additional devices.

Automatic Programming Method

This method allows the remote to automatically detect the TV and configure itself:

1. Turn on the TV manually.
2. Press and hold the "Setup" button on the remote until the LED indicator blinks.
3. Press the "TV" button to specify the device type.
4. Press the "Power" button repeatedly until the TV turns off, indicating the correct code has been found.
5. Press "Setup" again to lock in the code.

Manual Code Entry

If the automatic method fails, users can enter the code manually:

1. Find the Vizio TV code from the remote manual or support resources.
2. Press and hold the "Setup" button until the LED blinks.
3. Press the "TV" button.
4. Enter the 3- or 4-digit code using the numeric keypad.
5. The LED should blink twice if the code is accepted.
6. Test the remote by pressing the power button.

Operating the Remote: Functions and Features

The Vizio Smart TV Remote XRT140 offers various operational controls that enhance the viewing experience. This section explains how to utilize these functions effectively.

Basic Controls

Essential functions include:

- **Power:** Turn the TV on or off.
- **Volume and Mute:** Adjust audio levels or mute sound instantly.
- **Channel Navigation:** Change channels using the up/down buttons or enter specific channel numbers.
- **Input Selection:** Switch between HDMI, AV, and other input sources.

Smart TV Features

The XRT140 remote is designed to access smart TV applications with ease:

- **Menu Access:** Use navigation buttons to enter the TV menu for settings adjustments.
- **Streaming Shortcuts:** Dedicated buttons for popular apps like Netflix and YouTube allow quick access.
- **Settings Navigation:** Navigate settings menus using directional keys and select options with the OK button.

Troubleshooting Common Issues

The Vizio Smart TV Remote XRT140 manual also addresses typical problems and their solutions to maintain optimal usability.

Remote Not Responding

If the remote does not control the TV, consider these troubleshooting steps:

- Replace the batteries with new AAA batteries, ensuring proper installation.
- Verify there are no obstructions between the remote and TV sensor.
- Clean the remote sensor and TV infrared receiver with a soft cloth.
- Reprogram the remote using the manual or automatic methods.

Buttons Not Working Properly

When specific buttons fail to respond:

- Check for debris or dirt under the buttons and clean carefully.
- Reset the remote by removing batteries for a few minutes and reinserting them.
- Test the remote on another Vizio TV if available to isolate the issue.

Maintenance and Care Tips

To ensure longevity and consistent performance of the Vizio Smart TV Remote XRT140, proper maintenance is necessary.

Cleaning and Storage

Recommended maintenance practices include:

- Wiping the remote regularly with a dry, lint-free cloth to remove dust and dirt.
- Avoiding exposure to moisture or extreme temperatures.
- Storing the remote in a safe place when not in use to prevent damage or loss.

Battery Care

Proper battery management helps prevent damage and extends remote usability:

- Replace batteries promptly when low power symptoms appear.
- Remove batteries if the remote will not be used for an extended period to prevent leakage.
- Use high-quality AAA batteries for best performance.

Frequently Asked Questions

Where can I find the Vizio Smart TV Remote XRT140 manual online?

You can find the Vizio Smart TV Remote XRT140 manual on Vizio's official support website or through various manual hosting sites like ManualsLib and ManualsOnline.

How do I pair the Vizio XRT140 remote with my Smart TV?

To pair the Vizio XRT140 remote, ensure your TV is powered on, then press and hold the 'OK' and 'Back' buttons simultaneously for about 5 seconds until the LED blinks, indicating pairing mode. Follow any on-screen instructions if applicable.

What batteries does the Vizio XRT140 remote use?

The Vizio XRT140 remote uses two AAA batteries. It is recommended to use fresh, high-quality batteries for optimal performance.

How do I reset the Vizio Smart TV Remote XRT140?

To reset the Vizio XRT140 remote, remove the batteries, press and hold any button for 10 seconds to drain residual power, then reinsert the batteries. This can help resolve minor functionality issues.

Can the Vizio XRT140 remote control other devices besides the TV?

No, the Vizio XRT140 is primarily designed to control Vizio Smart TVs and does not support universal remote functions for other devices.

What should I do if my Vizio XRT140 remote is not

working properly?

If the remote isn't working, try replacing the batteries, ensuring there are no obstructions between the remote and TV sensor, resetting the remote, or re-pairing it with the TV. If problems persist, consult the manual or contact Vizio support.

Does the Vizio XRT140 remote support voice commands?

No, the Vizio XRT140 remote does not have a built-in microphone and does not support voice commands. Voice control features may require other Vizio remote models or external devices.

How do I program the Vizio XRT140 remote after replacing my TV?

To program the XRT140 remote for a new Vizio TV, simply power on the TV, and the remote should automatically sync. If not, follow the pairing instructions in the manual by pressing and holding specific buttons to enter pairing mode.
